**(Front Cover—KENMAR LEADER 21A x)**

Dear Friends:

We extend a warm welcome to all of you for our Herd Reduction Sale at Way-Co Farm, Columbia, Missouri, June 7, 1975.

We have increased our herd beyond the handling capacity of our Farm, plus the houses are building on each side of us and the city is moving closer. Therefore, we are forced to cut our herd in numbers.

We are proud of each and every animal in this Sale and hate to part with them. Many were born and raised here at Way-Co.

We have been in the Polled Shorthorn business since 1960 and this is our first Sale other than private treaty or consignment Sales. The cattle have been a great pleasure, hard work and satisfaction to both of us. We have striven for **QUALITY AND BEEFINESS**, avoiding fads and extremes. We have made many new friends and customers since we purchased our first Shorthorns, so that makes the hard work seem worth the effort.

We have sold very few heifers during these fifteen years, so our herd has jumped from 50 to 110 cows. We will not be out of business after this Sale, but will have 60 females left to produce some more good Way-Co animals.

These cows have been profitable for us and we recommend them highly to you. Look at their calves; it proves what they can do.

We purchased our present herd sire, **KENMAR LEADER 21A x**, from Ralph Stirm, Brandon, Iowa, in June 1972. We have kept all of his '73 and '74 daughters, so for this reason have decided it is the time to sell our one-third interest and possession plus fifty vials of semen. He has been a great improver to our herd and I am sure he can do the same for someone else. We have one of his sons for our junior herd sire plus one of 21 A's daughter has a **MANDALONG SUPER FLAG** calf that we are keeping to use.

Our cow herd is made up from some of the best cow herds in the United States and Canada. We attended many Sales and visited farms while putting this group of cattle together. Although we have thirty-nine different cow families, they are very uniform in quality and beefiness. We have used a new sire every two or three years in order to keep improving.

We have been on performance test (winning the County plaque five times for the highest index over all breeds) advertised in magazines, papers and showings.

**MARK YOUR CALENDAR—JUNE 7—**and come early, to look this offering over.

Sincerely,

*Fred + Mahel Coats*

FROM ASA SALE MANAGEMENT

It has indeed been a pleasure to work with Fred and Mabel Coats in the preparation of this, their first Herd Reduction - Production Sale.

The description, "THE HERD WITH A PURPOSE", fits the Way-Co beef cattle program perfectly.

Fred Coats has incorporated the theory of hard work, honesty and fair competition in the everyday programming at Way-Co ----- that it has paid off handsomely is evidenced by the following facts:

WON THE HART FARM AWARD  
BUILDER OF THE BREED

EXHIBITED POLLED CONGRESS GRAND CHAMPION BULL  
EXHIBITED POLLED CONGRESS RESERVE GRAND CHAMPION FEMALE  
EXHIBITED POLLED CONGRESS RESERVE GRAND CHAMPION BULL,  
a son of the Lot 1 bull, Kenmar Leader 21A x,  
who was also the top selling bull at \$3200 in  
the 1973 Polled Congress Sale

Never one to be stamped by fate, Fred Coats has methodically built a top herd, in earlier years advised by the late Charles Nickel and later through the acquisition of good herd bulls culminated by the use of the great Kenmar Leader 21A x, selling in this Sale.

I commend Fred and Mabel for a job well done.

Come and see the results of their efforts on June 7.  
You will be glad you did.

# Standard Guarantee

## Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
